New Course

A Classic Test of Links Golf

The oldest 'new' course in the world, the second course at the Home of Golf was built by the Keeper of the Green, Tom Morris in 1895 and it was imaginatively named to differentiate from its famous neighbour. Boasting undulating fairways and challenging greens, the New Course is a classic test of links golf.

Jubilee Course

Play a Championship Course

The third championship course at the Home of Golf, the Jubilee is considered by many to be the most challenging course on the famous Links. Built in 1897, it was originally intended for use by ladies and beginners; however, after seeing its prime golfing location between the New Course and the sea, the Jubilee was converted to a championship layout in 1988.

Eden Course

Play a Colt Classic

Only slightly more forgiving than its contemporaries on the seaward side of the Links, the Eden Course was built in 1914 by Harry S. Colt whose use of natural boundaries and severe bunkers provides a course full of character.

Castle Course

Play a Scenic Show Stopper

The newest addition to St Andrews Links, The Castle Course opened in 2008 becoming the seventh course at the Home of Golf.

Set on a rugged cliff-top with spectacular views over St Andrews, The Castle Course offers a memorable golfing experience.

Strathtyrum Course

Play a Local Favourite

The Strathtyrum was opened in 1993. Although few in number (15), the bunkers are cunningly placed and there is considerable emphasis on iron play accuracy. The greens themselves are large and have slopes and borrows which can test even the most confident putters.
